

LONDON BOASTS UNIQUE BUILDING

(Correspondence of Associated Press)
LONDON, Sept. 15.—The most unique office building in London, for more than a quarter of a century the business headquarters and home of the late Lord William Waldorf Astor, is to be sold. Built at a cost of more than \$1,000,000, this office palace occupied one of the most commanding positions on the famous embankment.

Architects have called it the most original structure of its kind in the world, in that it combines many of the inspirations of the old world with all the modern devices of present-day business. It is constructed of gray stone, in Tudor style, and never has any building offered such discouragement to burglars.

A strong, though artistic iron railing surrounds the house, all the many windows have iron bars and entrance can only be obtained through a massive gateway of bronze.

Above it all is a little gilt galleon, in full sail, an exact model of the carvel in which Columbus crossed the sea. A happy reminder, as someone has pointed out, "of the American-made wealth which made the splendid building possible."

CHINA'S FAULTS POINTED OUT

(Correspondence of Associated Press)
PEKING, Aug. 28.—Parting advice to China, given by Dr. Paul S. Reinsch, former American minister to China and later counselor to the Chinese government, included a statement that "it is plain that foreign nations cannot be expected to support a government which does not have the support of its own citizens."

Dr. Reinsch's advice was contained in a long analysis of the weaknesses and requirements of the Chinese government. He submitted the analysis just before he tendered his resignation as counselor.

While a republic in form, there has not been a continuous representation of the people in the government," was another statement. Dr. Reinsch also declared that any recognition by a foreign government rested only on convenience and did not involve support or approval.

ISLANDS PROTEST COASTWISE LAWS

(Correspondence of Associated Press)
MANILA, P. I., Aug. 25.—Requests that protests be made against the application of the coastwise navigation laws of the United States to the Philippines have been sent by the Philippine chamber of commerce to every municipality in the islands.

About 100 of the 300 municipal councils of the islands already have responded to the appeal, according to the secretary of the Philippine chamber. When all have been heard from the protests will be compiled and sent to the president and congress of the United States.

SUBSIDY FOR JAPANESE SHIPS

(Correspondence of Associated Press)
TOKIO, Sept. 5.—The government bill for the granting of a state subsidy on steamer lines, introduced in the recent session of the diet, has been approved. The lines to receive a subsidy include the new line to the eastern coast of South America, the new line to Java and Bangkok, with Singapore the center of the route; the new lines between Shanghai and South China, and the extension line of the South American western coast service.

The steamer service to the eastern coast of South America, which is at present maintained by both the Nippon Yusen Kaisha and Osaka Shosen Kaisha, is to be extended after next October under the subsidy aid of the state, the service to be increased to 10 voyages a year. This will be maintained with six steamers, each of about 6000 tons capacity.

JAP CONSUL SAYS WAR IS IMPOSSIBLE

(Correspondence of Associated Press)
HONOLULU, T. H., Sept. 21.—War between the United States and Japan is "impossible and unthinkable," C. Yuda, recently appointed Japanese consul general here, declared in an address he made at a banquet he gave here recently to American and Japanese army and navy officers and civilians.

The banquet was given during the visit here of the American Pacific fleet, under Admiral Hugh Rodman, and the Japanese cruiser Kamagi, Captain C. Toracka, which stopped at Honolulu while en route home from the Maine centennial celebration.

Among the guests and speakers were Governor Charles J. McCarthy of Hawaii, Major General Charles G. Morton, commanding the Hawaiian department of the army, and Rear Admiral J. S. McKean.

PROSPECTS FOR FOOTBALL BRIGHT

(By Associated Press)

SAN FRANCISCO, Oct. 6.—Football teams of far western universities and colleges next week will be fairly well launched on their drive for 1920 championship honors. First stages of practice are being passed, next Saturday several early season games will be played and one week from Saturday will find several of the stronger eleven's clashing.

Games between Pacific Coast conference member schools will not start until late in the month. The first conference game will be played October 23 at Seattle between Washington and the Oregon Aggies. The following Saturday, October 30, will find the conference season on its way, with Oregon playing Stanford and the Oregon Aggies meeting California.

Loss of stars of the 1919 eleven's

is faced by most of the conference teams. All the coaches, however, expect to fill their line and backfield holes from last year's freshmen or with new recruits from the upper classes.
